HandyShare Installation Guide

Windows Installation

❶ Double-click "HandyShare x.x.x.x Setup.exe" on the included SD card to launch the installer.
- If you have downloaded the software, the installer is inside the folder that appears after the ZIP file is decompressed.
- The "x.x.x.x" number indicates the version.

❷ Select the setup language and click "OK".

❸ The installation wizard starts. Click "Next" to start the installation process.

❹ Carefully read the Software License Agreement that is shown, click the "I accept the terms in the license agreement" button and then click "Next".

❺ Select the folder where you want to install. Click "Change" if you want to install the software in a folder other than the standard folder.

❻ Click "Install" to install the software.

❼ Click "Finish" to complete the installation.

- **When you connect Handy video recorder to your computer, HandyShare will automatically launch.**
  If QuickTime has not been installed on your computer, or the version installed is an older version, the QuickTime installer will launch. After installing QuickTime, HandyShare will automatically launch when you reconnect Handy video recorder to your computer.

Mac OS X Installation

❶ Double-click "HandyShare x.x.x.x Setup.mpkg" on the included SD card to launch the installer.
- If you have downloaded the software, the installer is inside the folder that appears after the ZIP file is decompressed.
- The "x.x.x.x" number indicates the version.

❷ The installer starts and the Introduction page is shown. Click "Continue".

❸ Carefully read the Software License Agreement that is shown, and then press "Continue". When the confirmation dialog appears, click "Agree".

❹ The Destination Select screen opens. Click "Continue" to start installation of the software on the selected disk.

❺ Click "Install" to install the software.

❻ The password input screen opens. Input the name and password of a user with administrator privileges and click "OK".

❼ Click "Close" to complete the installation.

- When you connect Handy video recorder to your Mac, HandyShare will automatically launch.

Important notes about installation

- During installation, administrator privileges are necessary. If you do not have administrator privileges, please consult with your system administrator.
- When installing, quit all other running applications.
