

HandyShare Installation Guide

Mac OS X Installation

- 1 Double-click "HandyShare x.x.x.x Setup.mpkg" to launch the installer.
- The "x.x.x.x" number indicates the version.

- 2 The installer starts and the Introduction page is shown. Click "Continue".

- 3 Carefully read the Software License Agreement that is shown, and then press "Continue". When the confirmation dialog appears, click "Agree".

- 4 The Destination Select screen opens. Click "Continue" to start installation of the software on the selected disk.

- 5 Click "Install" to install the software.

- 6 The password input screen opens. Input the name and password of a user with administrator privileges and click "OK".

- 7 Click "Close" to complete the installation.

- When you connect Handy video recorder to your Mac, HandyShare will automatically launch.

Important notes about installation

- During installation, administrator privileges are necessary. If you do not have administrator privileges, please consult with your system administrator.
- When installing, quit all other running applications.
